

Campaign tracker: the story so far

- **Trees planted in Apr-Jun 2016 period: 127,456**
- **Location: Malawi, Africa**
- **Type of trees:** we are mostly focusing on Guava and Papaya trees, both of which grow quickly and provide abundant fruit. Guava trees grow in 4-5 years whilst Papaya trees grow in 2-3 years
- In association with our friends at **Ripple Africa**

Focus: Esnart Mhlanga

- 20 year old Esnart Mhlanga's parents are farmers and they rely on farming to make ends meet (including paying for Esnart's school fees)
- Esnart has witnessed severe changes to the environment since she was born – making agriculture much more challenging
- Ripple Africa has helped the family to plant their first fruit orchard, including: 20 Orange trees, 20 Mango trees, 10 Tangerine trees and 30 Guava trees. The fruit is both sold and consumed

Esnart Mhlanga with one of the family's young trees. Esnart wants to be a journalist
