

# Planting Fruit Trees campaign

Jan – Mar 2022

# FRUITFUL OFFICE

## Campaign summary

- **Location:** Malawi, Africa
- **Type of trees:** we are focusing mainly on Guava and Papaya fruit trees, as well as trees for firewood like Senna Siamea, Pine and Blue Gum
- **Who benefits:** poor Malawian families benefit from the trees both for income generation and to provide both fruit and firewood for their own consumption
- **Working with:** our friends at Ripple Africa

## Case study: tree planting at rural hospitals

- Avocado, Orange, Tangerine Pawpaw and Guava trees have been planted at four rural hospitals in Malawi
- Hospital community and committee members were taught how to plant and care for the young trees (seedlings and guidance provided by Ripple Africa)
- Top officials for the hospitals appreciated the initiative and said this would not only bring environmental benefits but would also provide the hospital fruits with essential nutrients
