

Planting Fruit Trees campaign

Jan - Mar 2023

FRUITFUL OFFICE

Campaign summary

- **Location:** Malawi, Africa
- **Type of trees:** we are focusing mainly on Guava and Papaya fruit trees, as well as trees for firewood like Senna Siamea, Pine and Blue Gum
- **Who benefits:** poor Malawian families benefit from the trees both for income generation and to provide both fruit and firewood for their own consumption
- **Working with:** our friends at Ripple Africa

Case study: fruit trees for primary schools

- This quarter we have delivered 600 fruit tree seedlings (avocado, orange, tangerine, lemon, tamarind and pawpaw) to various primary schools in the Tukombo region
- The orchards will be managed by the students, providing valuable learning opportunities and hands-on experience around topics like tree growing, pest management, conservation/environment and eventually even business (selling the fruit for profit)
