

Campaign tracker: the story so far

- **Trees planted in Jul – Sep 2014 period: 82,211**
- **Total trees planted so far: 886,116**
- **Location: Malawi, Africa**
- **Type of trees:** we are focusing mostly on **Guava** and **Papaya** trees, both of which grow quickly and provide abundant fruit. Guava trees grow in 4-5 years whilst Papaya trees grow in 2-3 years
- In association with our friends at **Ripple Africa**

Focus: tree planting season is here

- From July to December, seeds and polythene tubes (for protection) are provided to households and community centres
- Advice and monitoring are provided in order to maximise the number of trees surviving
- Fruit orchards develop significantly in just 3 years and provide fruit to the local community
- Watch a short video here: <http://youtu.be/l4VEltuXdds>

A community centre prepares their polythene tubes and plants their trees
