

Planting Fruit Trees campaign

Apr - Jun 2021

FRUITFUL OFFICE

Campaign summary

- **Location:** Malawi, Africa
- **Type of trees:** we are focusing mainly on Guava and Papaya fruit trees, as well as trees for firewood like Senna Siamea, Pine and Blue Gum
- **Who benefits:** poor Malawian families benefit from the trees both for income generation and to provide both fruit and firewood for their own consumption
- **Working with:** our friends at Ripple Africa

Teaching students how to plant fruit trees

- Students at the primary and secondary schools in the Nkhata Bay region have been putting what they have learnt in Agriculture class (with assistance, training and materials from Ripple Africa) into practice
- The students are keen to take what they are learning home so that they can grow fruit trees with their families too. This will assist the communities and ensure that more people have access to fruit
